Compose and reply

Can't find some of your Mail settings? Automatic replies and Signatures have moved to the new "Account" tab. Click [here](#) to view the new "Account" tab.

Message format

Choose whether to display the From and Bcc lines when you're composing a message.

Always show Bcc

Always show From

Compose messages in **HTML** format

Aptos 12 B I U A

Messages you write will look like this by default.

You can also change the format of your messages in the new message window.

Cut, copy and paste

Choose how content from different apps is pasted when writing an email.
